Dear Russell:

I want to personally thank you, and all your employees, for the total commitment they have put forth to on time deliveries and total customer service to Liquid Container and all its customers. It's refreshing to have a transportation partner of your caliber.

Three years ago Liquid Container chose your company as one of our core carriers in Mason, Ohio. Every year, our partnership grows stronger and stronger because of excellent service.

If a company was looking for a carrier to provide on time pickups, on time deliveries, good communication and total customer service, I would strongly recommend them to form a partnership with Wooster Motor Ways, Inc.

Yours Truly,

Bob Neri
Manager of Transportation
